IMB Publishing, United States, 2014. Paperback. Book Condition: New. 228 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The Cayuga Duck is a gorgeous backyard duck that has been reared all over the world for its fine meat and its egg laying ability. Since this duck can lay up to 200 eggs in one season, several owners rear them mostly for a lucrative egg business. However, another attractive quality of the Cayuga Duck is its plumage. This iridescent beetle green plumage makes this duck a favorite amongst those who like having ducks in their backyard for ornamental purposes. Additionally, these ducks are a pleasure to have as pets thanks to their calm nature. Since these ducks are not noisy either, they make great pets! If you plan to bring home a Cayuga Duck, there are several things that you must keep in mind as these birds are very different from regular pets. The maintenance of ducks is important and must be given a lot of care as ducks are easily infected. These infections are also very hazardous to human health. To make sure that your flock is healthy and to also safeguard the health of your family, you must take all the necessary measures to make your home a good environment for ducks. This book takes you through all the details of duck care. This book is your one stop solution for all the queries that you may have about the health, care and even behavior of your Cayuga Duck. This book also gives you tips on making your Cayuga Duck a great investment. The author, Roland Ruthersdale is a duck lover and duck keeper.
