It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Knopf, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "The huge and growing ties between China and the African continent will be one of the most crucial relationships of the 21st century, and you simply could not invent a better guide to it than Howard French. Superbly written, rich in anecdote, insight, and a sense of the immense scale of what is happening, China's Second Continent should be mandatory reading for anyone wanting to understand how our world is being reshaped." --Adam Hochschild, author, *King Leopold's Ghost* "We owe tremendous thanks to Howard French for this fascinating and deeply reported book. He is an audacious writer who takes his readers to the far-flung factories, farms and living rooms of the Chinese entrepreneurs who are flooding into countries like Nigeria, Zambia and Senegal. French intrepidly explores the other side of the global coin, giving voice to an array of Africans reacting warily to the new imperialists in their midst. This is an essential book for understanding not just China and Africa but our changing world." --Peter Maass, author, *Crude World* "Almost no other writer would have dared the reportorial and story-telling challenge Howard French has set for himself in *China's Second Continent*, and absolutely none could have pulled it off as well. This is foreign reportage and analysis presented as compelling human drama." --James Fallows, author, *China Airborne* "In Howard French's wonderfully engaging new book, he draws on his journalistic experience covering both China and Africa to weave together a series of vivid portraits which limn the former country's global rise in this remote and unlikely part of the world. What is so surprising about the stories he tells is that they chronicle everything from the constriction of massive stadiums, hospitals, universities, highways..."
