Hundreds of ships and thousands of mercenaries start their epic journey through the deadly Subartu Maelstrom that will take them to the heart of the Median Empire. Few ships have ever made the journey but this is no mere fleet of traders. The battle hardened mercenaries of the Legion are interested in just one thing, loot, and they intend on finding it no matter where they have to go or who they have to kill. Xenophon and his friends face even greater danger when the divisions in the fleet are brought to the surface. Xenophon and Glaucon are forced to choose, but where do their loyalties now lie To the Arcadian Titan they now live aboard or to the Legion and its desire for blood and spoils that knows no bounds. On the eve of greatest battle of their lives, the Legion may tear itself apart before firing even a single shot.
