OCLC Number: (OCoLC)244172990 Subject: Water quality management -- Ohio. Excerpt: . . . 3. 3 Project Review Project and field reviews are conducted periodically by OWSC management, technical advisors, or discipline specialists to ensure compliance with the QA QC plan or project workplan. Project reviews are also used to ensure that data collection, analysis, and reporting are being done in accordance with broader OWSC policies and requirements. Quality-assurance activities with respect to project reviews are outlined in the next section. 3. 3. 1 Review Schedules Regularly planned reviews ensure that water-quality programs or projects are conducted efficiently to produce quality products on time. Informal reviews are part of ongoing quality assurance, whereby problems and related issues are addressed as they arise. Quarterly project reviews are held by the OWSC; however, these reviews address budget and cooperator issues and only briefly address technical aspects of the project. Technical reviews are needed for most projects. The type and frequency of technical reviews depend on the size and duration of the project and project objectives. For most water-quality projects....
