Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Information Technology and Corporate Strategy: A Research Perspective The use of information technology (IT) as a competitive weapon has already become a popular cliché; but there is still a marked lack of understanding of the issues that determine the influence of IT on a particular organization and the processes that will allow a smooth coordination of IT and corporate strategy. This paper surveys the major effects to arrive at a relevant framework and attempts to integrate them in a more comprehensive viewpoint. The focus then turns to the major research issues in understanding the impact of IT on competitive strategy. Relevant theory from corporate strategy is discussed and its application in understanding the use of IT is illustrated.
