While it is a comparatively short period of time and Alpha-Phi yet remains the youngest national Fraternity at Bucknell, yet so much has transpired in the history of the Chapter and of the Institution itself in that brief decade and a half that I was constrained to write out for my own entertainment and instruction a few of the more salient features. I found and recalled so much of interest and so many things in which the Chapter may take a pardonable pride, and which by reason of no record being kept was in danger of becoming lost, that the idea occurred to me of publishing the brief sketches I had written, on the occasion of this, our fifteenth anniversary. I, therefore, offer these slight sketches, written with no pretense of literary style, setting forth a few of the more striking features of Alpha-Phi s progress. I do not offer them as a complete history but rather as data from which at some future time and by more capable hands a better History may be compiled. There are two facts I wish to state in connection with this History. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is...
